This Document will help answering most questions regarding the assets.

2.0 — License

If you download, purchase, or have obtained it via Patreon, Ko-fi or the Itch.io store you are subject to all terms and conditions in this EULA. Please read the Terms (noted on subject 3.0) carefully before using the assets.

3.0 — Terms

Under this license the user agrees that:

- (a) This asset(s) can be used as part of any personal or commercial digital and physical/print product, this includes: video games, tabletop games, streams, Youtube videos, magazine art, social media, T-shirts, mugs. As long as they are tied to a content and are not being distributed as assets as they are.
- (b) Cannot sell or distribute this asset(s) as a separate product as you are the sole owner of this license, this include using this asset as a part of a standard asset of a game engine that may be distributed along with the such engine or similar project. Exceptions: This asset can be distributed and used to a “team” while working on a project with you but can be used only in projects while you are included in the team.
- (c) Can modify the asset(s) to suit your needs if necessary. The modified assets are still part of this license and are subjected to all terms and conditions.
- (d) Cannot claim ownership to the asset(s) creation which belongs to Carlos Zepter.
- (e) Cannot use the Carlos Zepter name or Cat Fantasy name associated with any product, marketing campaign, social media except for giving credits or ownership of the asset in a project in question. Further, the owner of this license can use the Carlos Zepter name or Cat Fantasy name with explicit authorization.
- (f) Do not train the asset(s) into a machine, AI or any software that may produce derivative or visually similar work.

4.0 — FAQ

a) May I use and distribute screenshots and videos on social media and game stores if I buy this asset?

A: Yes, as long this called screenshots and videos are tied to a project or with illustration purpose and are not intended to the selling and distribution of the asset.

b) May I use this asset on an App, Movie, Online Stream, or other project that are not a game?

A: Yes, as long this project is not a Game Engine or similar project/software that will sub-distribute and give access to this asset along with the called project.

c) May I use this asset for printed media, like my own physical tabletop game or to illustrate a magazine, including product boxes or manual I'm working on?

A: Yes, no problem.

d) May I use this asset in objects like crowdfunding rewards, T-shirts, Cups or anything related?

A: Yes! As long as it is tied to your own project and it's not simply selling the art itself.

e) Should I credit you in my project or game, and how I do it?

A: You don't need to credit me, but if you want you can give credit to "Carlos Zepter" or "Cat Fantasy Asset Pack". You can fit the asset pack name with "Cat Fantasy" too.

f) May I use this asset on NFT (Non-fungible token) or similar platforms and method of distribution?

A: No, this counts as a selling/distribution which is not included in the license.

g) Can I use the assets to train any kind of machine or AI related software to produce new or similar work.

A: No, the asset license only allows it to use into projects, the intellectual property belongs to me still.

h) Can I use the asset on Mods for games?

A: As long as you specify that the assets cannot be used or redistributed to your users, and as long as the mod is free, you can use it.
